SUMMARY

Fresh graduate of a Vocational high school majoring in Software and Game Development, focused on Frontend Development and growing toward full-stack. Hands-on experience building real-world web applications through internships at PT. Walden Global Service and PT. FAST Indo Talenta, as well as Node.js & React training at BBPVP Bandung, Ministry of Manpower of the Republic of Indonesia. Skilled in Next.js, TypeScript, and Tailwind CSS; 2nd Place in the INNOVENTURE 2025 Web Development Competition.

PROFESSIONAL EXPERIENCE

Frontend Developer Intern (On-the-Job Training) | Sep 2026 – Oct 2026

PT FAST Indo Talenta (FITALENTA)

- Rebuilt the FITALENTA website by merging two separate sites into a single platform for visitors, participants, editors, and admins, with one login.
- Developed four application areas: a public website, participant portal, editor CMS, and admin panel for programs, users, payments, selection, placement, and financial reports.
- Implemented role-based access control (server-side and client-side) and integrated a REST API together with the backend developer.

Web Development Trainee | Aug 2026 – Sep 2026

BBPVP Bandung, Ministry of Manpower of the Republic of Indonesia

- Completed a Web Development training program (Node.js & React) covering frontend, backend, SQL/databases, API integration, and deployment fundamentals.
- Broadened skills from frontend development to complete web application development (full-stack).

Frontend Developer Internship | Jul 2025 – Nov 2025

PT. Walden Global ServiceS

- Developed a responsive employee leave management application using Next.js, TypeScript, and Tailwind CSS to speed up leave requests and approvals.
- Collaborated with designers, backend developers, and stakeholders; integrated APIs, managed state, and optimized data rendering.
- Contributed to debugging, testing, and continuous improvement.
